**Winners of the 2016 Duke of York award for Entrepreneurship (Lloyds Bank National Business Awards).**

## Foundation or First Year degree entry

- Learn how to operate in a multi-cultural context, studying alongside and from students and academics from around the world.
- Enhance your professional skills as part of the 'Business School Intern Programme'.
- Take part in business ideas competitions, the Big Pitch and the Little Pitch, to find a chance to pitch for the money and support you need to make it happen.
- Include an optional semester of study at one of our partner universities in Europe (including France, Germany, Denmark, Sweden, Finland, the Netherlands, and Switzerland), North America or Malaysia during Year 2. (Teaching is in English.)
- Save a year's living costs. The nature of accelerated programmes means that overall living costs may be reduced.

As it's an accelerated course, you'll undertake an intensive six-week period of study in June-July each year, in addition to regular term-time study.

### Important information:

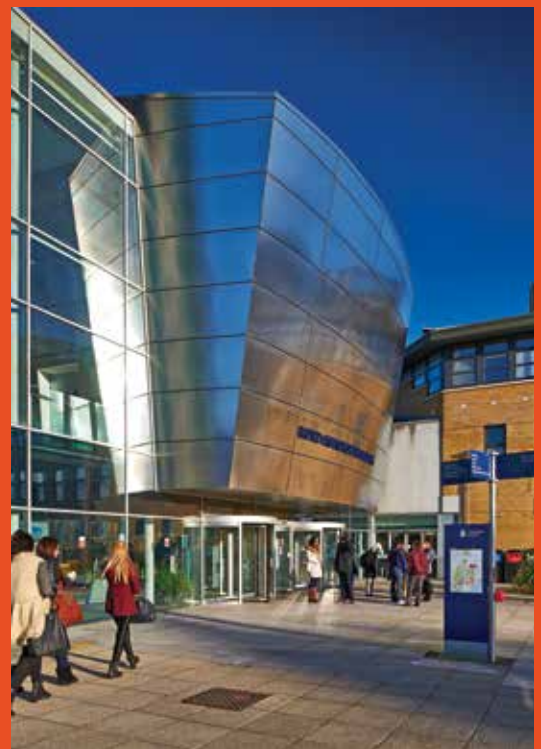

**This course is only available to international fee paying students.**

## CRIC entry points
